

LEOPARDWOOD SHIRAZ

Region: Heathcote (VIC)

Vintage: 2016

Alcohol: 14.5%

Winemaker Notes

The Heathcote region is a great area for growing the Shiraz variety. The free draining cambrian soils, gentle slopes and dry climate make ideal conditions for the development of fruit with great flavour intensity. By working closely with one vineyard we are able to keep cropping levels low and create a fruit parcel of high quality.

Rich spice and clove aromatics with full bodied dark plum and chocolate flavours. The wine is aged in American oak barrels for 12 months prior to bottling and this helps to soften and integrate tannins.

Dining Suggestions

Grain fed porterhouse or chargrilled pork ribs.
