

SHIRAZ

HEATHCOTE

The free draining Cambrian soils, gentle slopes and dry climate of Heathcote make ideal conditions for the development of Shiraz fruit with intense flavour. The Yarran B Series fruit is sourced from a specific block of mature, own rooted vines at Colbinabbin Estate. Irrigation is used sparingly with resultant yields being quite low; high colour and flavour ripeness are key qualities which determine the picking date.

This wine carries rich spice and clove aromatics with full bodied dark plum and chocolate flavours. Ages in new and used 300lt Americann oak barrels for 12 months prior to bottling help soften and integrate tannins.

Enjoy with grain fed porterhouse or chargrilled pork ribs.
